U.S. PERSON IDENTIFICATION FORM UNDER FATCA LAW DETERMINING YOUR STATUS AS A U.S. PERSON OR NON-U.S. PERSON

This form is part of the obligation imposed on banks and financial institutions by the intergovernmental agreement "FATCA", in order to improve international tax compliance. In accordance with these requirements, Qonto is committed to identifying account holders who are U.S. taxpayers, based on the "U.S. indicia" as defined by FATCA, and to transmit all required personal data to the General Directorate of Taxes.

Consequently, all account holders are required to make the following declarations in order to determine their tax status as a "U.S. Person" (U.S. taxpayer) or "non-U.S. Person" (non-U.S. taxpayer).

What is a "U.S. Person": In principle, you are considered a "U.S. Person" if you are regarded as a person connected to the United States, such:

1. **U.S. Citizens.** A person is presumed to be a U.S. citizen if they are (i) born in the territory of the United States, the Commonwealth of Puerto Rico, Guam, or the U.S. Virgin Islands, or (ii) hold a U.S. passport.
2. **Holders of a U.S. permanent resident card** (U.S. green card).
3. **U.S. tax residents under U.S. federal law.**
4. **Any person who resides permanently in the United States** or has spent a sufficiently long period of time there over the past three years, e.g., 31 days during the current year; and 183 days over the last three years, including the current year and the two preceding years.
5. **Persons whose primary mailing address is in the United States**, except for addresses that are clearly P.O. boxes or are used solely for forwarding mail to addresses outside the United States (i.e., with no other connection to the United States).
